

# Dr Tuly Rosenfeld

## Geriatrician

### MB BS FAAG FRACP

#### Current Positions

- Consultant Geriatrician and Physician
- Fellow Royal Australasian College of Physicians
- Fellow Australian and New Zealand Association of Geriatrics
- Conjoint Associate Professor UNSW - School of Medicine and School of Public Health and Community Medicine UNSW
- Adjunct Associate Professor University of Notre Dam Sydney
- Adjunct Professor University of Technology (UTS) Sydney

#### Career Highlights

Clinical Fellow & Senior Lecturer in Geriatric Medicine (Sydney University) at Westmead Hospital 1983-1987 -  
Involved in

- development of the first academic Geriatric Medicine Service in NSW;
- foundation Sydney University Geriatric Medicine curriculum;
- development & implementation phase of the Commonwealth Aged Care Evaluation Program.

Principal involvement in the development of the Aged Care Services at Prince of Wales Hospital, as Department Head, Geriatric Medicine, SESAHS.

Principal Investigator in \$250K General Practice Evaluation Program (GPEP) Grant (Dept Health and Ageing) "Survey of Pre-Acute Care of Older People" 2001-2002.

Developed and implemented innovative and major new service model for care of older people in the community ("SAFTE") as principal manager (secondment) with NSW Health - built around the key findings arising from the GPEP grant. Expertise and personal contribution in State Parliamentary minutes – speech by NSW Premier Morris Iemma.

Principal in the design & implementation of \$18 million "Healthy at Home" program – NSW Health - currently running in 4 Area Health Services.

Accomplished and committed senior clinician, curriculum contributor and clinical teacher in UNSW Faculty of Medicine.

Regular contribution as expert in capacity matters before the courts in Australia.

Recent publications in the area of capacity and decision making in peer reviewed journals including internationally recognised journal - Age and Aging

#### Career Overview

Formerly Director and Senior Specialist in Geriatric Medicine at the Prince of Wales Hospital, SESIAHS. Assoc. Professor (Conjoint) UNSW in the School of Medicine and the School of Public Health & Community Medicine. Adjunct Associate Professor University of Notre Dame

DR TULY ROSENFELD

[www.MEDirect.com.au](http://www.MEDirect.com.au) P 1300 001 633 E [bookings@MEDirect.com.au](mailto:bookings@MEDirect.com.au)

Sydney. Involved in curriculum development and teaching at the University of Sydney and UNSW.

Private practice as a Consultant Physician and Geriatrician. Extensive experience in Acute Care Geriatrics, Aged Care Rehabilitation, consultative geriatrics, and aged care assessment team (ACAT) work. Aged Care Assessment Team Delegate for many years.

Trained in Geriatric Medicine at Westmead Hospital in first Specialty Geriatric Training position in Australia, under the supervision and teaching of Prof Gary Andrews, Foundation Professor of Geriatrics and Community Medicine at Westmead Hospital. Obtained Fellowship of the Royal Australasian College of Physicians in 1984.

Appointed as Clinical Fellow and Clinical Superintendent in Medicine and then Specialist Geriatrician at Westmead Hospital in 1985/6. As Senior Lecturer, responsible for the development and implementation of the first Geriatric Medicine teaching curriculum at the University of Sydney.

Appointed in 1987 as Specialist Geriatrician at Concord Hospital with Foundation Professor G. Anthony (Tony) Broe – Geriatric Medicine at University of Sydney.

Member of the Board of the Ageing and Alzheimer's Disease Research Institute (AADRI) at Concord during and subsequent to work at Concord Hospital.

Joined the Faculty of Medicine, Schools of Medicine and Community Medicine, at the University of NSW in 1989 as Conjoint Senior Lecturer. Directly involved in academic research and teaching in the geriatric medicine curriculum.

Clinical teaching and academic activity with the University, Ageing and Disease, Dementia, Geriatric syndromes, medications in older people, emergency presentation and alternative systems of care, dementia and confusion in the elderly.

Education and teaching in geriatrics and aged care over a large number of years, and involved in the presentation and lectures on ageing issues, geriatric diseases and dementia.

Involved in the development of research in decision-making and testamentary capacity and frequently involved as an expert witness in work with the legal profession.

Consultant legal expert in the field of ageing, dementia and geriatric medicine and on the list of experts of a number of organisations including New South Global (NSG) UNSW and have provided services as a medical expert and authored articles in this capacity.

Appointed to the Expert Panel - Health Care Complaints Commission. Clinical role as a Specialist Geriatrician since 1986, training as Senior Registrar in Geriatrics at Westmead Hospital. Has been personally involved with and responsible for the care and treatment of many thousands of patients suffering geriatric syndromes, acute illness and varying degrees of cognitive impairment and dementia. As part of clinical appointments has been involved in emergency care, acute care, aged care rehabilitation, community and residential care.

DR TULY ROSENFELD

[www.MEDirect.com.au](http://www.MEDirect.com.au) P 1300 001 633 E [bookings@MEDirect.com.au](mailto:bookings@MEDirect.com.au)

Participated in the diagnosis and management of patients attending the Cognitive Disorders Clinic at Prince of Wales Hospital and in private practice where the assessment, diagnosis and management of patients with dementia comprises a significant proportion of the clinical load.

Professionally and personally active, on a voluntary basis, working with the general and Jewish community as well as government and non-government community service and welfare agencies.

Considerable experience in service development and the setting up of clinical services in hospital and community settings. Knowledge and experience has led to involvement with a range of service providers and consumers in the general and the Jewish community. Worked in a voluntary capacity both at a board level (including Vice President of Jewish Care) and in direct care provision across a range of services.

Personally involved in management, planning and decision making in a range of health and welfare services including care for older people, special needs groups such as Holocaust Survivors, younger people with disabilities, and families in crisis.

Appointed in a part time capacity as a Manager and Advisor to the Health Service Performance Improvement Branch of NSW Health in 2006 and since then was directly responsible, with Dr Katherine McGrath Deputy Director General NSW Health, for the development and implementation of an innovative \$4.5 million pilot project Sub Acute Fast Track Elderly Care (SAFTE).

This program through its successful and innovative approach went on to become the \$18 million Healthy at Home program. This program required close consultation with many clinical and professional bodies and service teams across a number of health areas.

Continued clinical, academic and teaching activities and currently involved in the development of innovative approaches to health services for older people, dementia care and assessment of capacity, and new approaches to health information systems.

#### Academic Qualifications

MBBS University of Sydney, 1978

FRACP 1984

Fellow Australasian College of Physicians

FAAG 1999

Fellow Australian Association Gerontology
